# NEW EUROCARGO DRIVEAWAY PROGRAMME

IVECO'S signature programme – a range of competitively priced, fully-bodied vehicles ready for immediate delivery

## KEY FEATURES AND BENEFITS OF EUROCARGO DRIVEAWAY

The major benefit of buying a DriveAway vehicle is the peace of mind, in knowing that IVECO has chosen a selected range of partners that all offer the same high standards of product design and service as IVECO itself.

All models will be priced as a complete vehicle and carry the same IVECO two-year warranty as the base vehicle.

DriveAway vehicles are ready for immediate delivery, subject to availability at your local dealership.

Eurocargo DriveAway makes available fully-bodied chassis cab variants in Dropside, Tipper, Box, Curtainside and Skip Loader options. These body types are the top-selling variants in the 7.5 and 18 tonne segments.

## STOP BURNING FUEL, TIME AND PRODUCTIVITY HI-SCR FOR NON-STOP WORKING AND PERFORMANCE

When the Euro VI legislation came into force to reduce emissions from heavy-truck vehicles, the majority of manufacturers decided against using only Selective Catalytic Reduction (SCR). Instead, they implemented alternative technologies which reduced the NOx emissions required, such as adding Exhaust Gas Recirculation (EGR) resulting in forced regeneration.

Thanks to our technological leadership in SCR systems, the IVECO HI-SCR technology doesn't require forced regeneration.

Engines are designed with optimised efficiency guaranteeing non-stop performance with no driver intervention required.

**NO TIME WASTED TO REGENERATE**

**LONGER ENGINE LIFE**

**LOWER TOTAL COST OF OWNERSHIP**

EASY TO ORDER – FAST TO DELIVER

## BODIES AVAILABLE WITH DRIVEAWAY

### 22' DROPSIDE 7.5T

DRIVEAWAY DROPSIDE

- 75E16 CHASSIS CAB
- 4455mm WHEELBASE
