

Extension of the IVECO Reman Warranty Coverage

All Reman parts benefit from an international warranty coverage within the IVECO network, including main dealers and authorised repairers.

We hereby inform you that Reman **complete engines, long blocks and gearboxes** purchased through an assistance centre within the IVECO authorised network with an invoicing date to the end customer on or after 1st September 2022 are now covered by a warranty of 36 months from the invoice date to the customer with no mileage restriction (applicable for both workshop, parts & labour, and counter sales, parts only).

Also, we hereby inform you that Reman **turbos** purchased through an assistance centre within the IVECO authorised network with an invoicing date to the end customer on or after 1st September 2022 are now covered by a warranty of 24 months from the invoice date to the customer with no mileage restriction (applicable for both workshop, parts & labour, and counter sales, parts only).
